

Cancer Drive  
Apr. 29 - May 5

A local task force of some 85 men and women will be part of a nationwide drive to raise money for cancer research.

Starting today, volunteers of the American Cancer Society will be on the streets of Crawford County, Michigan, with a goal of raising \$100,000 for cancer research.

Every resident in Crawford County is asked to contribute to this drive. The drive is a nationwide effort to raise money for cancer research.

Grayling May Get  
CUSSA Race

The possibility that Grayling might be selected as a site for the Central United States Ski Association races this coming winter was discussed by Lewis Sullivan, Grayling Winter Sports Park President, upon his return from the recent annual CUSSA Convention in Detroit.

"We put in our bid for a Junior Alpine race and a Cross Country race," Sullivan said. "There were no decisions reached at the Convention, but we are keeping close contact with the officials who make the final selections."

Sullivan commented that the Junior race sites have not been selected as yet since there is still discussion about limiting CUSSA-sponsored junior races to hills with close to a 400-foot vertical drop. However, he added, "There are no decisions reached at the Convention, but we are keeping close contact with the officials who make the final selections."

ERINE GIRLS' STATE

Grayling Unit No. 106 of the American Legion Auxiliary has selected Donna Fenton, daughter of Mr. and Mrs. Elmer Fenton of Grayling, to attend Wolverine Girls' State to be held on the University of Michigan campus June 20th through 29th.

Alternates for the two girls are Carole Gross, daughter of Mr. and Mrs. Clarence Gross, and Joyce Reed, daughter of Mr. and Mrs. Girard Reed of Frederic.

Under sponsorship of the American Legion Auxiliary the girls will be assigned to cities, petition for offices, form party platforms and caucus their way into a whirlwind week of self-government. At the close of the session, two girls will be selected to represent Michigan at Girls' National held at Washington, D. C. The Legion Auxiliary is sponsoring 420 girls to attend Girls' State this year, instead of 360 as in previous years.

Grayling Third  
In Track Meet

The Grayling Vikings finished third in a three way meet at the Grayling Memorial Recreation Area last Wednesday as Boyne City came away with the meet scoring 95 points taking six first places and tying for another. East Jordan finished second with 52 1/2 points and Grayling third with 34 1/2.

Grayling's seniors were not on hand for the meet as a trip to Lansing to the Constitutional Convention had been planned for that day. Viking thinsaid coach Bruce Smith could be a bit happy though as the point getters for Grayling were composed of two juniors, two sophomores and a pair of freshmen which would appear to show some track strength coming along.

The next meet is set for Thursday, May 3rd when the Gaylord Blue Devils will be here with the starting time set for 2:30 p. m. and the track and field site at the Grayling Memorial Recreation Area.

Top scorer for Grayling in last week's meet was sophomore Jim Young with 3 1/4 points scored on the dash and a tie for first in the pole vault and a tie for second in the high jump. John Howe, also a sophomore, turned in 8 points on a second in the 100 yard dash and a second in the 220 yard dash. Norman Barott, a junior took 5 1/2 points with a fourth in the 180 yard low hurdles and a tie for first in the pole vault. Bill Joseph, a sophomore, took 5 1/4 points with a third in the 220 yard dash and a tie for first in the broad jump. Jim Johnson, a junior, got 4 points a tie for fifth in the high jump and a tie for first in the pole vault. Gary Eickstedt, a sophomore, turned in 3 points with a third in the 180 yard low hurdles. David Jacobson, a freshman, got 1 1/2 points for a fifth in the 100 yard dash and Dan Tinker, another freshman, got a 3/4 point for a place on a relay team.

FINAL RITES READ  
FOR BURTON BOGER

Funeral services for Burton C. Boger, 28, were held Monday, April 23rd at 2 o'clock at the Lutheran Church with the Rev. Charles Allen officiating. Burial was in Elmwood Cemetery under the auspices of the American Legion Post 106.

Mr. Boger was found in his automobile on the weekend at Barker Lake, five miles east of Grayling by deputy sheriffs, Martin Kitchen and John Felling. Death had apparently resulted from a self-inflicted gunshot. The body was discovered on Wednesday at his home, which was Wednesday the 18th. He had been employed at Bear Archery Company. The family was unable to give a reason for the shooting.

Ladies

By Wes LaGrow  
James Hall of Grayling, a specialist with the Fisheries Research Institute, Conservation Department was the speaker at Monday evening's meeting of the Kiwanis Club of Grayling held at the Shoppings Motor Hotel. Mr. Hall spoke on his work on the Manistee River and plans that were being worked out to control the lamprey population in the stream.

Mr. Ralph Hoffman reported on the progress towards the coming vehicle safety check which the club is sponsoring in Grayling. Emil Giegling requested aid from the club members on the upcoming 1962 Michigan Week.

GRAYLING P.T.A. TO  
MEET ON APRIL 30th

All parents are invited to attend the Grayling P.T.A. meeting, April 30th at 8:00 o'clock in the high school gym. A study committee has gathered material for a full report and discussion on parent-teacher conferences. Many feel there is a need for these conferences, perhaps at first on the grade level. Mr. Earl Gierke will present the report. Others on the committee are Mrs. Vernon Gardiner, Mrs. Donald Koch and Mrs. Lewis Konvicka. Individual conferences would bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child. This is one of the projects of the National Congress of Parents and Teachers.

Interested In  
Social Security?

Area residents interested in a question-and-answer type meeting in Grayling with a social security representative from the Traverse City district office are urged to contact this newspaper. The Crawford County Avalanche will make arrangements for a public meeting some evening in May if there is sufficient interest. E. O. Wiles, manager of the Traverse City Social Security Office has promised his full cooperation.

The social security representative would answer personal and general questions which were of interest to the entire group present. Individual assistance is given on Monday through Friday at the Traverse City office and the second and fourth Tuesdays at the Gaylord Courthouse from 12:30 p. m. to 3:30 p. m.

YOUR HOSPITAL  
UNITING SCIENCE  
AND PATIENT CARE

"Present day hospital care represents a unique combining of science and personal attention," Sister Mary Janice, administrator of Mercy Hospital, said in pointing out that National Hospital Week will occur May 6 - 12.

"Scientific advances have been translated into life-saving equipment, procedures, and medical techniques," Sister said, "but they are passed on to the patient only because physicians, nurses and medical personnel are present to use them."

Each patient has special needs that can be met only by individual attention. While the scientific and technical advances contribute to a patient's recovery, they must be prescribed and provided judiciously to meet the patient's exact needs, Sister Mary Janice said.

To fulfill this goal, community hospitals have two employees for each patient: one to care for the patient's physical needs and each of these persons benefits from the advances of medical science and from the attention of the hospital staff.

A hospital is joining other hospitals throughout the country in observing National Hospital Week, May 6 - 12. This year's theme, "Your Hospital - Uniting Science and Patient Care," is a call to each person who enters a hospital will benefit from the latest scientific advances and the most careful human attention to his individual needs.

The Reginald Achtons and Dale Lynda and Karen of Saginaw visited their parents, Mr. and Mrs. Clarence Gross and Carole, and Kenneth Ashton and Bryan, Easton, Michigan.

Trout Anglers Await  
Opener Saturday

Expect Streams To Be Higher

Michigan trout fishermen can expect northern streams to be generally higher than a year ago, especially in the upper peninsula, on the April 28 opener, the Conservation Department reports.

If the weather cooperates, there should be little snow-water entering most streams in the northern lower peninsula by April 28th. This would leave waters warmer than usual and perhaps clear.

In some parts of the upper peninsula where snow depths are melting down more slowly, the spring runoff may put streams on the muddy side. However, high waters should bring big trout well up into tributaries in the Escanaba district and provide some first-rate catches, the Department reports. From Baraga district comes word that excellent rainbow fishing is in prospect when the season opens. The district's brook trout streams are also expected to yield good returns.

County Library Building Fund Drive  
Set For Week Of June 24 - July 1

A drive for funds to build a new Crawford County Library on the Crawford County Court House property in Grayling has been set for the week of June 24 through July 1. The decision was reached at a meeting on Monday evening of the Library finance committee, official County Library Board and trustees and officers of the Friends of the Library. It was also decided to have a canvass of the county business and professional men prior to the appeal for funds to the general public. The drive for funds will include cash donations and memorials. Memorial gifts will be acknowledged within the new building.

PLAN ANNUAL SPRING  
FESTIVAL FOR MAY 4th

On Friday, May 4, at 7:30 in the evening, the children of the Grayling Public School kindergarten through sixth grades, will present the annual Spring Festival. This year the theme is "Around the World With Mitch." Miss Margaret Douglas and Mrs. Robert Bovee are co-chairmen of the festival. The festival is 50c for adults, 25c for children.

Grayling Sailor Serving  
On Missile Frigate

Norfolk, Va. (PTNTO) - Curtis M. Marshall, seaman, USN, son of Mr. and Mrs. C. Marshall of 2077 Peninsula, Grayling, is serving aboard the guided missile frigate USS Dewey, observed by President John F. Kennedy during a two-day visit on April 13 and 14 to the Atlantic Fleet in Norfolk, Virginia.

The President, accompanied by Vice President Lyndon B. Johnson, members of the Washington diplomatic corps and U. S. Congressmen, arrived in Norfolk the afternoon of April 13th.

Expect Streams  
To Be Higher

Michigan trout fishermen can expect northern streams to be generally higher than a year ago, especially in the upper peninsula, on the April 28 opener, the Conservation Department reports.

From Baraga district comes word that excellent rainbow fishing is in prospect when the season opens. The district's brook trout streams are also expected to yield good returns.

The Department's major spring planting effort in northern Michigan will get underway in May when stream temperatures are warmer and roads leading to release sites are in better condition. Fees for resident fishing licenses (\$2) and trout stamps (\$2) are the same as last year. Licenses and stamps are on sale at some 4,000 dealers throughout the state.

For thousands of Michigan's sportsmen, spring will be busting out all over April 28th with the opening of the state's general fishing season.

Only large and smallmouth bass will remain off the legal catch list when this red letter day arrives, the Conservation Department reports.

The last Saturday of April, traditionally heralded as the state's trout opener, has in recent years become the starting date for pike and muskellunge fishing which hits a high note at this time of the year when spring runs are on. Since 1960, northern pike, walleyes, and muskies have been protected during the spawning season from March 15th until the trout starter in practically all inland waters.

This spring, small runs failed to materialize by mid-April as expected and chances are good that April 28th will find many fishermen busy writing their dip nets in streams of the Great Lakes.

April 28th can also be considered the unofficial "re-opener" of the year-round season on bluegills, perch, sunfish, rock bass, and other warmwater species. There have been placed off limits by spring breakup conditions in many lakes during recent weeks. Some upper peninsula lakes may, however, still have ice at the end of this month.

Fishermen are reminded there is no longer a hook-and-line catch limit on perch. These fish are taken in big numbers along piers, breakwaters, and river mouths of the Great Lakes during the April and May spawning runs. Also, the use of treble hooks is again permitted, except in certain waters designated by the Department.

The small building on Michigan Avenue which housed the Donut Shop was torn down this week. It is owned by Emil Kraus Jr. and stood between the Kraus Corner Store and the Grayling Restaurant.

The marquee at the Northland Department Store on Michigan Avenue has been repainted. A new home is under construction on Ausable Trails for Mr. and Mrs. John Walsh.

The floor in the work area at the Grayling Post Office has been resanded and refinished. Mrs. George Sorenson has had the bathroom, hallway and kitchen at her home redecorated.

Frederic Fire Volunteers Start New Building  
Over the weekend, ground was broken for the new fire house in Frederic. The proposed building is to be erected next to the Frederic Town Hall. All labor and much of the material is being donated by people of the community.

The equipment on hand now includes: IG. M. truck, donated by Paul Arns; 1 Ford truck, Leng Bros.; 1 pump, Ralph Sarantak; 2 850 gal. water tanks, Ed Strolle; one 2000 gal. water tank, Hank Doyon; three Bear bows, R. J. Lozon.

Purchased one fire truck body by Vol. Fire Dept., also numerous other donations. We wish to thank everyone for their generous donations and cooperation.

The engagement of Judy A. Felling, former resident of Grayling, to William D. Newcombe, announced by her parents, Mr. and Mrs. Peter H. Felling, 4221 Fleming Rd. Flint, Mich., and Mr. and Mrs. Peter H. Felling, 4221 Fleming Rd. Flint, Mich., is announced by her parents, Mr. and Mrs. Peter H. Felling, 4221 Fleming Rd. Flint, Mich., and Mr. and Mrs. Peter H. Felling, 4221 Fleming Rd. Flint, Mich.

Miss Karen SanCarter was home Easter weekend from her job with Dow International, to visit her parents, the Floyd SanCarter.

## It happened 100 YEARS ago

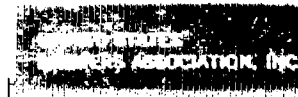

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN MICHIGAN, farmers were harvesting badly needed grain for the Union armies. Michigan was one of the Union's important suppliers during the Civil War. And, after the war, the State's grain farmers found a good market with Michigan's pioneer brewers.

For even then, beer was the traditional beverage of moderation. Beer still provides enjoyment for folks in Michigan and a good living for the many employees and suppliers of the Brewing Industry.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

## Central Michigan University

Central Michigan University was founded in 1892 as Central Michigan Normal School and Business Institute. In the beginning the School was locally sponsored and financed by Mt. Pleasant residents. In 1895 the school was taken over by the State.

The University is a multi-purpose State University. Beginning in 1892 one of its major functions has been the preparation of teachers. Since 1918, it has given the Bachelor's degree on a pure Liberal Arts program. At the present time the following degrees are granted—Bachelor of Arts, Bachelor of Science, Bachelor of Music Education, Bachelor of Science in Business Administration, Bachelor of Science in Education, Master of Arts in the field of education and in the fields of English, Biology, Business Administration, History, Mathematics, Health and Physical Education, Political Science, Sociology and Speech. In addition a Master's degree is offered in Business Administration. The Specialist in Education Degree (Ed.S.) is granted in four areas of Education.

There are three State Universities and one College, including Central Michigan, which are controlled by the State Board of Education in Michigan. Although these institutions were originally founded as normal schools for the preparation of teachers, their functions have been increased to serve their respective areas as regional institutions of higher education, by giving liberal arts work, pre-professional preparation and terminal short courses.

The University has held a summer session each year beginning with 1900. Central Michigan University is a member of the American Association of Colleges for Teacher Education, and the Association of American Colleges. It is accredited by the National Council for Accreditation of Teacher Education and the College Section of the North Central Association of Colleges and Secondary Schools. It appears on the approved list of the American Association of University Women. The University is accredited for granting the Master's Degree.

There are about 5,300 students on campus. The student body is almost equally divided between men and women.

Nearly half of the students are enrolled on a teaching curriculum. The remaining 50 percent are on liberal arts, pre-professional and technical curricula.

## MICHIGAN MIRROR

REPUBLICAN DELEGATES to the Constitutional Convention sharply criticized recently when reports were published about a "secret trade" being made to assure agreement on several sections of the document being prepared. There were charges that "principles are being compromised" by naive supporters of some of the delegates.

It is a well known and hard political fact that the basis for most legislative action is compromise, although this word can be given a negative connotation by people seeking political advantages who can find no better issue. It now appears the only great "deal" involved in the compromise worked out by differing viewpoints within the Con-Con's GOP ranks was that the "deal" was so openly made public.

At nearly the same time as the Con-Con deal was made known, another "compromise" was being worked out between Republicans and Democrats in the Legislature. The single issue involved was not as important as the several constitutional provisions so it did not gain as much attention from the public or politicians.

A newspaper reporter who wrote that a "gentleman's agreement" was being attempted, however, was severely criticized for putting the pending "deal" in print.

It appears inconsistent that all politicians freely admit, off the record, that they are willing to compromise for the public good, but they refuse to let the public know when they have reached a compromise, and it seems hypocritical for those who understand the value of compromise to argue against those who try to reconcile differences so that progress can result.

A SUBSTANTIAL SHARE of the new programs and services added up in the Council's fact sheet on the new state services.

MEDICINAL: A reader writes that her son has staphylococcus of the nose, and she would like to know more about this infection. How is it contracted? Is it contagious? Can it be cured?

The staphylococcus is one of the most common bacteria. It is found everywhere—in the air, on our skin, etc. There are several types of staphylococcus germs, some more virulent (able to produce infection) than others. The non-virulent (mild) type is the one responsible for pimples and small boils. The more virulent types result in repeated (infectious) boils, pneumonia and blood poisoning.

In recent years it came to light that our hospitals were having problems with staphylococcus infections. Unfortunately most of our antibiotics do not have any effect on this germ, so it is able to spread easily even where antibiotics are used in great amount. With antiseptic techniques, however, the threat of staphylococcus infections in hospitals has greatly diminished.

As for staphylococcus infections of the nose, the upper lip, nose and surrounding flesh form an unusually serious area for infections. The reason for this is that there are nearby lymph nodes (as there are everywhere else in the body) for the infection to spread to and be trapped, and the only place the infection can spread is deep into the head. Prompt, special treatment is needed to prevent such a complication. This type of infection is not contagious; it is usually cured with adequate treatment.

Infections of the nose most commonly result from pulling a hair out from inside the nose. All such hairs should be cut and never yanked out by their roots.

veterinary examiners, race track improvements and emergency highway patrols.

This capsule summary of some of the new programs which cost money to the Michigan taxpayer points up the problems facing the Legislature each year.

Who can say that emergency highway patrols were not needed when traffic fatalities were increasing annually between 1951 and 1959? What then could be an argument that a board of veterinary examiners was not needed for a regulatory agency to police their own profession?

How much support could be gained for the creation of such a board in Michigan if it were a registration system similar to that for vehicle registration?

The Council's report indicates there was little support for keeping these and the other 80 and A need was expressed for each of them. Few, however, have been dropped entirely even if the need no longer exists.

Carolyn Catherine May, daughter of Mr. and Mrs. George C. May, (Gross) became the bride of Richard D. Kemp, son of Mr. and Mrs. Paul R. Kemp, at the Beverly Vista Presbyterian Church on Sunday, April 15, 1962. Both families live in Los Angeles. Officiating at the 3 p. m. nuptial rites was Rev. Gilbert W. Allen.

The bride was given in marriage by her father. She wore a gown of silk organza over silk taffeta, with a scooped neckline, short sleeves and a detachable chapel train. A bodice of alencon lace and an empire waist topped the bell-shaped skirt adorned with a lace and pearl-headed applique. A lotus blossom crown of pearls and aurora borealis crystals held her petal veil. She carried a bouquet of butterfly orchids and lilies of the valley.

Attendants, gowned in turquoise blue chiffon sheaths with sheer bodices, held bouquets of yellow roses and white daisies. The maid of honor was Georgia Ann May, the bride's sister. Bridesmaids were Mrs. William F. Fry and Mrs. Dave Rushmore. Anne Kemp was the junior bridesmaid and Paula Kemp the flower girl. Best man was the bridegroom's brother Jack F. Kemp and ushers

#### Carl Waite Attends Navy Radar School

Great Lakes, Ill. (FHTNC) Carl W. Waite, seaman, USN, son of Mrs. Stella Waite of 308 Milwaukee St., Grayling, is attending the Radarman School at the Naval Training Center, Great Lakes, Ill.

The 24-week course covers the theory, maintenance and operation of power supplies, radio receivers, oscillators and amplifiers. Graduates are qualified to navigate by radar, plot air and surface contacts and interpret radar scope readings.

#### BITS O' TALK

Mrs. Sena Wium accompanied her daughter, Mrs. Erling Klug and family, back to Pinconning to spend Easter and this week with them. They came for her last weekend.

James Hall was in Ann Arbor in business from Thursday to Saturday.

An important message from the Grayling State Bank can be found in the April issue of Successful Farming.

Miss Lani Stephan arrived Thursday from Western Michigan U., Kalamazoo, to spend a week's Easter vacation with her parents, the Norman Stephens.

Robert Brun came home last Thursday from Assumption High School at Windsor, Ontario, to spend the Easter vacation with his parents, Mr. and Mrs. Bruno Brun. Mr. Brun drove down for his son. Robert returns to school on April 30th.

Mr. and Mrs. Harvey Wile of Detroit visited the John Dossos and the John Walshes for a few days over Easter.

Mr. and Mrs. Robert Klein and daughter Carolyn left Saturday for Bay City to visit their son James and family, continuing on to Detroit to spend Easter with their daughter and family, the John Ugors, returning to Lansing on Monday to stay overnight with their son and family, the Richard Kleins.

Orders now being taken monuments and markers for Memorial Day. Contact Carl Hanson, DI 8-6479.

Mr. and Mrs. Ted Viswan returned Wednesday of last week after spending the winter months at Palm Harbor, Florida.

The Misses Barbara Cornell of Wayne and Nancy Cornell of St. Mary Academy, Monroe, arrived Wednesday of last week to spend Easter with their parents, the Will and Corneils. Barbara returned to her teaching on Monday, but Nancy and her guest, Miss Anna Vidales of Mexico City, a classmate at St. Mary, are remaining until next Sunday.

Miss Barbara Evans of Wayne arrived Saturday to spend Easter with her parents, Mr. and Mrs. Tom Evans.

Miss Caroline Allison came home Saturday from CMU, Mt. Pleasant, to visit her parents, the Dr. Leonard Allison, until Wednesday. Mrs. Allison's cousins, Mr. and Mrs. John Hickok of Pittsburgh, Pa., arrived Monday to spend a few days visiting them.

Clair's Standard Service, 409 Cedar Street, is open 24 hours a day.

Mr. and Mrs. Dan Babbitt returned home from Sebring, Fla., Sunday the 15th, after spending the winter months. They ran into snow 100 miles south of Louisville, Ky., the first they had seen. They also found some when they got home. They stopped at Kalamazoo to visit their son, Arnold, and Howard and families, and in Grand Rapids to visit their granddaughter Diane and family.

Mrs. Lily Authier of Detroit arrived Wednesday to spend Easter with her niece and nephew, Mr. and Mrs. Fred Wiehe, the Bill Larushes, the Vern Perry and the Claude Cardinals.

#### Conservation Notes

By Clarence Roberts

Some time ago the Grayling Sportsmen's Club completed a project at the South end of Lake Margrethe. This project was constructing a dam for the purpose of making a spawning area for Northern Pike. Although this is an experimental project we feel that it will do a job that nature will not take care of.

Water was dammed up at the outlet of a creek making a pond covering about 5 acres and we waited until spawning runs started and a number of fish were released into this pond.

There were a total of 21 female fish and 28 male fish released, all adult fish and ready to spawn. Now we sit back and wait for the results of this very worthy project. Our estimates we should get from 300,000 to perhaps 400,000 eggs dropped from these fish. Natural mortality is high with this species of fish and we hope to be able to release from 3,000 to 5,000 fingerling fish from this pond some time about Decoration Day.

At that time the Sportsmen's Club will assist members of the Department of Conservation in training the pond and getting the adult as well as the fingerling fish from the pond and into Lake Margrethe.

This is the type of project we see undertaken by sportsmen's clubs and other interested people. The Grayling Sportsmen's Club is to be commended for their fine cooperation on this project and the fine cooperation with the department project.

This project would not have been possible without sanction of the Military establishment, who went along with and granted the exception of the dam which flooded some of the property under their jurisdiction. So this is somewhat of a community project with several organizations working for one final goal, which is to make better fishing for residents, as well as summer visitors. We wish to give credit to all who assisted in this project and hope for a good turnout when the fish are finally released from the pond. This date will be announced later.

While most of the fish will have spawned by the time this is printed, you will possibly be able to witness some of the late spawning by visiting the pond. About 14 days after spawning the eggs will be hatched and we hope the fingerling will be from 2 to 5 inches in length by the release date. Many of these fish will be given to the fishermen's stringers in about two years, and make for better fishing in years to come.

Thanks again for a job well done. Mr. Bud Jacobs, Fish Supervisor of Michigan, has been a lot of help on this project, and while he is an employee of the Department, he is not a Grayling man and he deserves considerable credit for the direction and assistance in this community project.

#### TWENTY-SIX WAYS TO SAVE GAS

One of the "Big Three" car makers (not our company) ran an ad recently on gas economy. It stated prominently in the text that gas savings "depend on who's driving." You know something? They've got a point there.

Over the years we've learned to check twenty six causes of excessive gas consumption. Twelve are human factors and the rest are mechanical.

Since most cars are in fairly good shape, the human ones are usually most important. Needless fast getaways from traffic lights cause unnecessary stops at the next light and REALLY waste gas. Racing a cold engine, especially in winter, varying bursts of speed with excessive passing — and others less important.

The mechanical ones are most numerous. Like a lot of small leaks they add up to one big one. Dirty carburetor out of adjustment and fouled-up plugs head the list. Burned distributor points, faulty automatic choke and fuel pump add to the toll, along with ignition timing.

Dragging brakes and even automatic transmissions with ineffectual fluid have been shown to be gas wasters. Also under-inflated tires on wheels out of alignment and out of balance. High engine temperature and fan and generator belts that are too tight. Weak piston rings too.

Whoever you go for service on your car ask them to check all these mechanical factors if they're not doing it now. As the saying is, "Prevention is the most important." It won't cost anything to check that.

## TROOP FOUR

April 19, 1962  
day each patrol was given a bag with unknown props a short time to prepare an and unorchestrated skit. As is a hilarious way for the girls to obtain their dramatic skits for their second class badge, which was enjoyed by all.

The Bob-White Patrol chose as their name, "Goldilocks and the Three Bears". Following that the patrol produced a dramatic skit, "A Trip To Hawaii". This is further enhanced by a hula dance and song by Miss Pamela Wheeler. The last group, not to be outdone by the previous entertainers, put on a spine-tingling venture entitled "The Devil At The Theatre". (This skit caused such screaming among the audience) The game today was brought by Joyce Stephan and was a form of charades. Following the meeting, the Easter committee consisted of Pamela Legg, Crier

Church and Mrs. Johnson delivered to the hospital the gold Easter Egg tree which the troop provided.

April 12, 1962  
We began the meeting today with a flag ceremony performed by Julie Thayer, Gail Miller and Ruth Johnson. We sang "Girl Scouts Together" and said the Pledge of Allegiance. We learned two new folk dances today, and had a lot of fun doing them. Monica Stephan showed us her nature project on wild flowers and constellations. The game was brought by Jeanne Hempel.

Scribe: Julie Thayer; Leaders: Mrs. Nellist, Mrs. Johnson.

## IN MEMORIAM

In loving memory of our father and husband, Bernie Sajdak, who passed away eight years ago, April 24th.

Your memory is a keepsake with which I will never part. Though I cannot see you in his keeping, we still have you in our hearts.

## TROOP II

April 23, 1962  
We started the meeting by making some potato prints. First we made the prints and then we stamped them on paper. We weren't too successful so next week we are going to try again using a different type of ink. There were ten members and three leaders present.

We closed by cleaning up our mess and then we sang Taps.

## To Cure More, Give More . . .

The American Cancer Society has added to its slogan "fight cancer with a checkup and a check," a new and meaningful phrase — "to cure more, give more."

It has every reason to do so. Twenty-five years ago there were only 160,000 people alive cured of cancer. Today, there are at least 1,100,000 alive and cured of cancer. And the figure is going up each year.

Twenty-five years ago, it was stated that one out of ten were being cured of cancer. Today, it is one out of three. And tomorrow, if every one had an annual checkup, it could be one out of two.

Today, some 87,000 Americans die needlessly of cancer each year. They are lost because they did not receive early diagnosis and prompt treatment.

The American Cancer Society says that the possibility of preventing deaths from cancer are greater than for any other chronic disease and that more can be done against cancer than against any other disease.

That is why the Society developed the theme — "to cure more, give more." The public must learn what it can do to protect itself against cancer.

This requires a big and costly educational effort. Statistics show that about 40 per cent of the population of the country do not know cancer's seven danger signals — signals that may mean the difference between life and death.

Also the Society wants to step up its research program. Already a drug has been found effective against a very rare type of cancer. The Society has great hope that in the next few years much can be achieved in the field of immunology — prevention of cancer through vaccination. Until research supplies the answer, we cannot hope to save more than one out of two of those who develop cancer.

As President Kennedy's Conference on Heart Disease and Cancer said, "this is no time to sit still on research." A good way to advance research is to heed the Society's 1952 theme — "to cure more, give more."

## In Grayling 23 Years Ago

Interesting Items of News Gathered From the Files of the Avalanche of 23 Years Ago.

April 27, 1939

Reports from the northern streams indicate that "excellent" fishing conditions will greet the more than 100,000 fishermen who will take to the water Saturday morning, April 29, when the lid comes off on the 1939 trout season.

There will be big doings in Grayling June 23rd, 24th and 25th when over a thousand boy scouts will hold a three-day camporee at Grayling Winter Park. A special train is scheduled to bring more than half of the campers to Grayling. Each troop will be headed by its scoutmaster and is expected to bring its own camping equipment for the three day outing. Their tents will be pitched among the pines at the park at the foot of densely wooded hills surrounding the area.

Mr. and Mrs. Stanley Flower spent Tuesday evening visiting in Alger.

The Houghton Lake airport was host to a surprise visit last Friday afternoon when a huge 6-ton coast guard plane landed on the field. The plane, en route from New York to Chicago, became lost in a snowstorm and fog, and after picking up and following the Sault Ste. Marie radio beam sighted the red beacon lights at the Houghton Lake state police broadcasting station and maneuvered to effect a safe landing at the adjacent airport. In landing, the heavy plane broke through the soft turf on the field and stalled in the mud, but no serious damage resulted. Besides the pilot the plane was occupied by two officers of the mechanical division. Owing to the soft condition of the field, a tractor was brought into play Monday and the plane towed out on M-55 where state police had cleared the highway of auto

traffic, permitting the machine to take off from the pavement to continue its journey to Chicago.

Mr. and Mrs. Rasmus Madsen of Midland visited Mrs. Marie Hanson Saturday en route to Johannesburg.

Mr. and Mrs. Leslie Bland of Traverse City, spent the weekend visiting the latter's sister, Mrs. Fred Bishaw and family.

Miss Merle Covey has resigned her position as clerk of the court and returned to her home in East Jordan.

Mr. and Mrs. Carl Hanson and children and the former's mother, Mrs. Marie Hanson, spent Sunday visiting relatives in Boyne City.

Mr. and Mrs. Fred V. Ward of Detroit, and Mr. and Mrs. William Tatro of Berkeley, Mich., visited at the Tom Wells home during the weekend.

Mrs. N. P. Olson and son Ernest left for Detroit Wednesday morning to join Mrs. Nikolai Schjotz, who has been there for the past week. The ladies were in attendance at the banquet at the Book-Cadillac Wednesday evening for the Danish royalty, the Crown Prince and Princess of Denmark.

Miss Ingeborg Hanson left for Detroit Tuesday night to be gone for the remainder of the week, part of which time she will spend in Bay City. In Detroit Miss Hanson attended the banquet Wednesday evening at the Book-Cadillac at which Crown Prince Christian Frederick and Crown Princess Ingrid of Denmark were guests of honor.

Mr. and Mrs. John Brady and children Bobby and Sally were in Bentley visiting Mrs. Brady's mother over the weekend.

Mrs. Edward Sorenson went to Houghton Lake Sunday and is visiting her daughter, Mrs. Glenn Robinson for several days. Mrs. Sorenson is just recovering nicely from an injury she received to her left arm, having slipped on an icy sidewalk several weeks ago, fracturing it.

Fred Carr is recovering nicely from a recent operation for the removal of his appendix at Mercy Hospital.

Raymond Winget has resigned his position as mechanic at Alfred Hanson's garage and accepted the position of garage foreman at Camp Houghton Lake.

Mrs. Myrtle Unger and son William have purchased the AuSable River cabin of Mrs. Frank Barnett, and are now at home there. This is near the "sugar" place. Many families in that vicinity live there the year around, and the intention of the Ungers to do likewise. This is one of the many beauty spots on the AuSable.

Miss Ruth Kuman gave a saxophone solo at the Gledon M. E. Church on their Tuesday evening program that is given for inmates at the Northern Sanatorium. The program is given at the church and broadcast to the sanatorium. Frank Foreman, who formerly lived in Grayling several years ago, is at the Hartwick Pines veteran camp, and has been renewing friendships in Grayling. He still is known as "Conn" to his friends around here. He says his mother, Mrs. James Foreman, resides in

Grand Rapids as does also his sister Marie, now Mrs. Garrison, who has a grown-up daughter. His father operated a saloon for many years in the building now occupied by the Johnson Furniture Co. Editor's note the present Shoemaker's store.

Mrs. Harry Connine and daughter Miss Mary Gretchen returned home Saturday from Houston, Texas, where they visited relatives for several weeks. Mrs. Treveño, mother of Mrs. Connine, who had been in Houston since last fall, returned home with them and is staying with her daughter.

Miss Margaret Buck will represent Grayling at the Kalkaska Trout Festival to be held there Friday and Saturday, April 28 and 29. Miss Frances Entsminger was a close runner-up. The girl to represent Grayling as Queen was the one who sold the most replicas of trout that were given each girl to sell.

William T. Miller is home again after visiting friends in Detroit for two weeks.

Mr. and Mrs. Roy Small's friends surprised them with a farewell party at the Lovells Town Hall Saturday evening. Mrs. Small received a tablecloth as a farewell token from her friends.

Mr. and Mrs. Ray Duby, William Miller and Alfred Hanna of Lovells attended the supper given at the Moose Hall in Grayling.

## 46 YEARS AGO

April 27, 1916

A fitting climax to Grayling's unprecedented industrial activity of the past year will be the opening of a new hotel — Shoppenagans. This will occur Thursday.

Grayling has long needed an up-to-date hotel, and last spring, by the efforts of the stockholders of the Salling, Hanson Co., R. Hanson & Sons and a few citizens, the Grayling Hotel company was organized. Work was started at once and the contractor, George Lathers, turned the building over to the owners April 1st. The affair will begin with a sumptuous banquet, after which a program will be presented.

Miss Ingeborg Christofferson is home from Detroit visiting her parents, who reside in Beaver Creek.

Charles Owen entertained a number of friends at the home of his sister, Mrs. H. C. Schmidt, on Thursday evening.

Carl Babbitt of Detroit visited last Sunday with his parents, Mr. and Mrs. E. Babbitt, who reside down the AuSable.

Miss Margaret Joseph, who is attending a Normal School at Milwaukee, spent Sunday with her parents here. Mr. and Mrs. Harry Isenhauer, Fred Hoessli, Ruth LaFriedman and daughter, who have Fave, Bernice Corwin, Clarence been visiting Mrs. Fredman's Graham, Lillian, John Wayne parents, Mr. and Mrs. H. Joseph Husted, and Helen Granger.

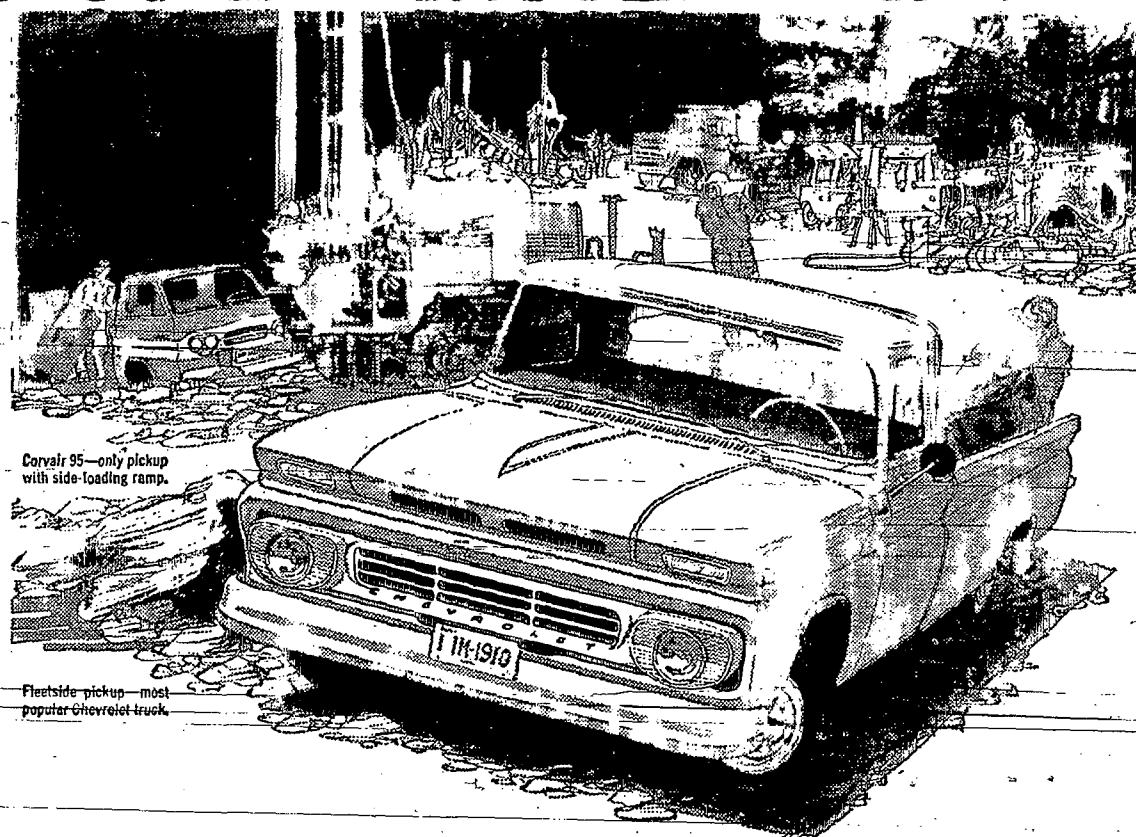

for a couple of months, left for their home in Milwaukee.

Thomas Kechittago, a well-known Indian character in this vicinity, passed away Monday morning at Mercy Hospital where he had been receiving treatment for the past couple of weeks. His exact age was not known, but it is believed to be in the eighties. He came with his family to Grayling in the early 80's and he and his wife have been constant members of the M. E. Church for many years. Mr. Kechittago was laid to rest beside the remains of his two children in Elmwood Cemetery.

Mr. and Mrs. Charles W. Nash, the former president of General Motors Co., who is building a fine summer home on the North Branch, spent Sunday at the North Branch Outing Club.

A son was born to Mr. and Mrs. Percy Budd on Tuesday, April 25. The following pupils of the second grade had perfect review lessons in spelling last week: Melba

### TO OFFER AREA SENIORS USAF TEST

M/Sgt. Carl M. Stout, Air Force  
Recruiter for Northern Michigan  
announced today that an Air Force  
Test examiner from Detroit will  
be at the Roscommon High School  
Thursday May 3, 1962 at 12:45  
p. m. to administer the complete  
Air Force Qualifying Examination  
to high school senior boys and  
girls in this area.

This examination is two hours  
long consisting of the Adminis-  
trative, Mechanical, General and  
Electronics fields. This test may  
be taken without any obligation  
whatsoever.

Sgt. Stout said that seniors must  
turn their name in to the Principal  
of their school or bring with them  
written excuse from the school.

### Chamber of Com- merce Minutes

Regular meeting of the Craw-  
ford County Chamber of Com-  
merce, 15 March 1962.

Members present: Robert Schul-  
ze, John Latuszek, Richard Du-  
Bois, Frank Bond, Leon Rochette,  
and Donald Jansen.

Members absent: Herbert Wolff,  
Sam Gust and Jack Alef.

Meeting opened by President  
Schulze at 5:05 p. m.  
A motion was made by DuBois  
and seconded by Latuszek that  
the minutes of the last meeting be  
accepted as read. All Ayes.

### A report of the financial con- dition of the Chamber was made by Treasurer DuBois.

A motion was made by Rochette  
and seconded by Latuszek that the  
Treasurer's report be accepted  
and all bills presented be paid.  
All Ayes.

The mail, consisting of letters  
of recommendations for candi-  
dates for directors to the United  
States Chamber of Commerce, fall  
color brochure quotations and a  
letter from Mr. S. J. Gillman were  
read to the Board.

Discussion of the following:

1. Outdoor Advertising for  
Grayling. President Schulze told  
the Board that Carroll West and  
Bob Aschenbrenner had taken  
chairmanship of this committee.  
It was explained to the Board that  
they had made the initial approach  
to the City regarding the finan-  
cing of this advertising and were  
favorably received. The City asked  
that they continue their sur-  
vey for sign location, size, color  
and design. At the conclusion of  
this meeting, the committee chair-  
men were asked to return with  
the completed results for action  
by the Council. This committee,  
with the help of Mr. Bruce Carl-  
son have tentatively located sites  
North of M-93, North of the North  
Dow River road and South of the  
South exchange, all along I-75.

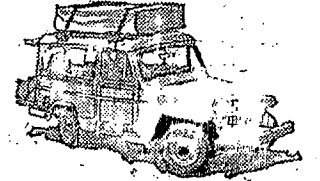

2. Canoe Race. The spot checks  
made by the Board with many  
Grayling and County businessmen  
showed that it was not desirable  
to enter into a canoe race con-  
tract with Ron Frosh. This was  
in agreement with the decision of  
the Chamber's Canoe Race Com-  
mittee, chaired by Eric Post.  
The Manager reported that he had  
called Osceola and Mico who told  
him that it was thought that Os-  
ceola had not signed and that Mico  
definitely has not signed. The  
deadline for Frosh is to be today  
so it can be assumed that there  
will be no canoe race under the  
Ron Frosh contract.

3. Lansing - Jackson meetings:  
The Manager was given permis-  
sion to attend the Tourist and Re-  
sort Institute at Michigan State  
University on April 9-10-11. He is  
to stay until the 12th and contin-  
ue to Jackson. A meeting with  
Consumers Power Company, pro-  
viding such a meeting can be ar-  
ranged.

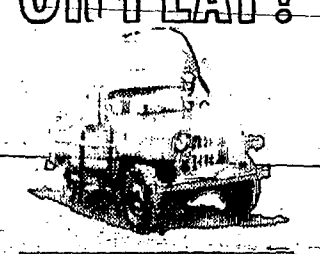

4. Spring Ski Advertising: The  
Board were told of the advertis-  
ing done in the Beaver-Tee Press  
in cooperation with the Grayling  
Winter Sports Park.

5. New Members: The applica-  
tion of Mr. Jim Ott, owner of the  
J. & J. Sales, for membership in  
this Chamber of Commerce was  
presented to the Board. A motion  
was made by Rochette and second-  
ed by DuBois that the member-  
ship of the J. & J. Sales be ac-  
cepted. This Board extends to Mr.  
Ott a most hearty welcome.  
There being no further business  
to come before this board, a mo-  
tion was made by Bond and sec-  
onded by Jansen that this meeting  
be adjourned at 6:10 p. m.

TRAGIC STATISTIC: THIS YEAR 263,000 MEN  
WILL BE STRICKEN WITH CANCER

Many will die. Among diseases, cancer is the number two  
killer of the Western world.  
But many more could be saved with proper education and  
help. A million Americans who had cancer have been cured.  
The American Cancer Society sponsors a three-pronged at-  
tack on cancer. It educates before cancer, rehabilitates after  
cancer, and helps during cancer. It also spends millions of  
dollars on research grants to find the cause and cure of cancer.  
Surely no one can deny the importance of this work. And  
once more the Society asks for your help in furthering this  
Crusade.

Fight cancer with a checkup and a check. Mail your dona-

## U. S. Getting \$983,000 In Taxes Locally

(Special to the Avalanche)

New York — How much will Crawford County residents be tapped for, come April 16, by way of Federal income taxes due for 1961?

The Government counts on their contributions being larger than they were last April, when local collections of personal income and withholding taxes totaled some \$983,000.

That is the approximate amount that was turned in by them, as determined from the official reports of statewide collections, announced by the Internal Revenue Service, and from an unofficial breakdown of the figures, based on local earnings.

What they show is that Crawford County residents are paying about 0.9 percent of the \$110,000,000 collected in Michigan as a whole.

Because incomes rose in most areas of the nation during the past year, the Government expects that the goal of \$4.1 billion in personal taxes, which was set in the previous budget will be realized by April 16th.

That figure will be \$1.2 billion more than was turned in by individual taxpayers last April. The grand total at that time was \$44.9 billion.

In Crawford County, on the basis of preliminary figures on 1961 earnings locally, the current tax returns are expected to be nearly \$983,000, a rise of \$48,000.

With the economy moving forward at a fairly brisk pace in the first quarter of 1962, the Administration is relying on this being a fine business year — one that will produce overall revenues that will top the 1961 total by 13 percent.

Its estimate was made on the assumption that the gross national product will rise from \$520 billion to \$570 billion and that personal incomes will go from \$417 billion to \$448 billion.

It comes in Crawford County income upward no faster and no slower than the general average for the country, figured at 6.9 percent in the budget, local residents will have proportionately more to pay in taxes when April, 1962, rolls around.

Additional tax revenue is also expected by the Government as a result of automated auditing methods that are being put into use.

They will spot errors in arithmetic, failure to file previous returns and other mistakes and irregularities.
